

Boulder Nordic Sport Midwest, located at 90th & Penn in Bloomington, is putting their great selection of closeout skis and boots ON SALE with biggest discounts this weekend only, Friday through Sunday. Demo boots & skis, closeouts, and some rare gems from the back room. We have a good supply of Fischer Carbonlite Zeros – this is the ski you wanted for last year’s Birkie! You will never find hand-picked race room skis at these prices.

We have a great selection of last year’s model skate and classic boots from Rossi, Alpina, and Madshus. Check the sizes in the list below and hurry in because these sale boots are already going fast.

We have poles on sale from Swix and One Way, and a great selection of last year’s model skate and classic skis from Madshus at 25% off. The Hypersonic, Terrasonic, and Megasonic are made in Norway at the same factory where Madshus’ top of the line race skis are produced, so the quality control is excellent and these are fantastic race and performance skis for the price. We also have last year’s Rossi WCS and Fischer Speedmax on sale.

And as always we have the best selection of current skis from Madshus, Rossignol, Fisher, and Salomon and boots from Madshus, Alpina, Rossignol, Fischer, and Salomon. Skis are going fast, but there is still a great selection for you to get perfectly fitted with a hand-selected racing ski.

Weekend hours are Friday 10-6, Saturday 10-5, Sunday 12-4.

Happy Thanksgiving!
